We, at PSB Academy Student Affairs & Industry Engagement, take as our mantra to provide a lively and energetic student life campus while creating opportunities for students to integrate and build strong relationships with each other and with the community at large. In addition, we also assist in developing employability skills and establishing links with potential employers that are vital in this competitive global market.

At PSB Academy Student Affairs & Industry Engagement, we develop you for life. What matters is that each student feels valued, treated with care and is developed to one’s fullest potential through the activities we conduct. YOU are the reason for our existence!
